tonic and blood purifier in the Spring. Some have no particular ailment, but are weak, debilitated and run-down. Winter life with its decreased amount of out door exercise, and the fact that cold weather has kept the pores of the skin closed door exercise, and the fact that cold weather has kept the pores of the skin closed prevented the proper amount of waste and refuse matter from being expelled from the system. These imputities entering the circulation have thinned and weakened the blood, and the body therefore does not receive a sufficient amount of blood nourishment. The general bodily weakness, tired feeling, fickle appetite, poor digestion, etc., show how anneanic the blood has become. Frequently skin diseases, pimples, cruption; etc., break out and this is evidence of the impurity of the circulation. S. S. S. is the best Spring tonic, because it is the greatest of all blood purifiers. It is the only medicine on which you can rely to supply the system with the needed tonic citects and at the same time purify and curich your blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly propare you for the strain of the long, hot Summer. S. S. S. is made entirely from roots, herbs and barks; it is Nature's tonic, pure and healthful. It regulates digestion, tones up the stoniach, imtonic, pure and healthful. It regulates digestion, tones up the stomach, improves the appointe and promotes strong, vigorous health. This will be your best Spring season if you use S. S. f. for your tonic. VETERAN FIGHTER MAKES BIG GAIN IN FEW WEEKS

Needs Time to Restore Old-Time Prowess, but Shows Rare Energy and Persistence in Training

The New York Herald recently sent Hamilton Peltz, one of the highest salaried writers on its staff, to Rowardennan to make a personal study of James J. Jeffries and his chance of regaining his former fighting condition. Mr. I'eltz spent over a week at Jeffries camp and was in close touch with the champion at all times. He then wrote for the New York Herald his opinion. The story is copyrighted by the Herald and all rights to publish it are reserved by that paper. Moy 4.—With the eyes of the sporting of the world centered for two weeks on James J. Jeffries training camp up here in the Banta Cruz mountains the question on the tip of every tengue is this: To what extent is the redominable old shampion winning back the physical form of his best igniting days.

The only fair answer that may yet be made by friends, though non-rejudiced judges, who have watched the hig fighter daily at work and at play, is that direction, but that he has a long way yet o go before he will be again the same Jeffries before whose prowess no other nan could stand.

JEFF DETERMINED.

Whether or not he has it in idm ever again to remet that goal is a question more likely to be determined by the last fertification of training than by the first. No imported observer of these less two weeks, however, can doubt the indomitable anergy, the degred persists nee, the singleness of purpose with which the big fellow is striving to fit himself to vietory over Johnson in what is expected to be the greatest battle in the listor of the over Johnson in what is expected to be the greatest buttle in the lister; of the prize ring, if smeerity, patience and hard work were the only requisites, "Jef" would aimost hold a first mortgage upon

The one time champion's most bitter enemies, could they watch him at work lere in the Rowardeman camp, would lave to concede at least that Jeffries has not a lazy hone in his body and that he means to trounce the negro champion soundly on July 4th if he can.

Studying the man ha he is today—and romenbering always that he yet has two months in which much may be accomplished—some conclusions, in which his closest friends practically concur, though not always for jublication, may be stated.

FANS WONDER WHO IS TO BE THIRD MAN IN RING

Welsh, Graney and Smith Are Prominently Mentioned, but No One Will Venture a Prediction

By EDINE SHITH.

O all appearances the question who is to referee the Jeffries-Johnson contest will be decided some time today. It is scheduled that Sam Berger, Jack Johnson and Geo ge Little, together with the promoters an I newspaper men, will get together at the Johnson training samp, the Seal Rock House, at 2 o'clock this afternoon for the purpose of select-Who the third man is to be no one at this time can tell, for aside from the mertioning of Jack Welsh's name by John-

son neither man nor manager has ventured any suggestion which might serve as a prediction. Most of the men who are on the inside say that the position will ecentually come to either Welsh or your humble servant, with Eddle Grance as the contender. In making this assertion, however, the men of the pencil know nothing that makes this a certainty, for assure you that neither Mr. Welsh nor inyself has the slightest idea what will be done when the managers and hoxer get together.

McGraw is a customs inspector at Honolalu, and had been detailed to assist in the census work. Just before the Sierra left Honolulu a week ago this morning McGraw went aboard and was busy interviewing members of the crew, when he discovered that the liner had left the bather. Even then he did not appear to be flustered, for he thought he could carily get back in the pilot boat. A little later, however, the pilot went over the side of the big steamer and started home without McGraw.

When his predicament dawned upon him, McGraw made strenuous appeals to Captain Houdlette to be put ashore, but the skipper would not go so far as to turn back to port for only one man. McGraw looked long at the speeck of a pilot hoat astern, and waved his hat, but the case was hopeless. He became a passenger for the Golden Gate, and finally settled down to enjoy the voyage. He will return home in the Sierra, salling Saturday morning.
